Hybrid Schedule Update

"The transition to the hybrid schedule has gone very smoothly. Our staff and students are very happy to be back in person and have lots of smiles under our masks!" ~ MOHS

"We have had an extremely smooth return to campus- lots of excitement, smiles and positive vibes. Our staff, students and families have been awesome!" ~ TUHS

"TW students were excited to return to school. Students and teachers are enjoying the opportunity to learn in person and participate in hand-on experiences."

Tulare Adult School has been able to provide more flexible and on demand learning opportunities for our adult school students. We have seen an increase from our adult school students in both their online work with Aztec, Burlington, and Edgenuity as well as their attendance in daily Zoom Meetings. Our goal is to continue to offer our classes in a way that best meets the needs of our adult learners."

“Overall, students are happy to be back on campus and having distance learning become a distant memory.” ~ Tech Prep

“SV is enrolling additional students who stated they did not want to return to school under the hybrid schedule due to health concerns. New student enrollment is going smoothly. So far an additional 60 plus students have been enrolled and 11 teachers taking on additional students after the regular work day have been added. One student has requested to meet with his teacher in person. The rest of the student population continued with distance learning.”

“ACHS staff and students were all super excited to return to school, students are doing great in the classroom and happy to be back on site!”

“It has been nice to have kids back around campus. Students are already taking on various projects around the site including, finishing the pasture fence, planting in the OH unit, and taking care of the livestock. It feels like the site is slowly getting back to normal.” ~ TJUHSD Farm

4

GRADUATION

01

33%

Follow the capacity limits determined by a county's color tier, tied to infection rates;
Stadium capacity - 5,200 capacity

Do a pre-registration for attendees and limit attendance to those signed up;
Monitor attendance

Require that all attendees self-screen for signs of Covid before leaving the house;

Leave 2 hours between events to ensure attendees of separate events won't mix;

Masks are Required

5

SUMMER SCHOOL

46 teachers interested in teaching
summer school

Applications will be available to students
next week

6

STATE TESTING

As of April 7, 2021,

- Federal accountability requirements have been removed. Data collected will be used to inform educators, parents and the public and align resources to student supports.
- Penalties for participation rates of less than 95 percent have been waived.
- Administration window has been extended to July 30.
- Students in remote learning who may not be able to access the state's summative tests because they lack secure browser or sufficient bandwidth, can be assessed using high-quality interim or diagnostic tests that meets Board-approved criteria.

THANK YOU

Special thanks to all the people who made and released these awesome resources for free:
